
SUNFLOWERS

This term we would have been growing our Sunflowers but as we sadly cannot be at playgroup I've been growing some at home instead. I hope the sunflowers will look as lovely as the ones in the picture below which I took last year on holiday at my family's favourite place called Rhossili on the Gower Peninsular South Wales, if you look on the internet with your family you'll see the lovely photos of the fields of sunflowers in July and August. Have a lovely summer and remember to enjoy all the amazing wildlife we have. From Jan
